**Bottom**

The diagram illustrates a 4x4 grid of 16 identical wireframe layouts for an article page. Each layout consists of the following elements:

- artikel**: The main container for the article.
- img**: A large placeholder for an image at the top of the article.
- Artikel\_grid\_1**: A container for the article's content.
- artikel\_flex**: A flex container within the grid that holds the article's text and sub-headers.
- h3**: A sub-header element.
- P**: A paragraph element.
- bottom\_h3**: A sub-header element at the bottom of the article content.

The layout is consistent across all 16 instances in the grid, demonstrating a uniform design for multiple articles.

The diagram illustrates three different footer\_col configurations:

- Configuration 1:** A container labeled 'footer\_col' containing a header 'H2' and a flex container 'footer\_flex\_icons' with three 'img' elements.
- Configuration 2:** A container labeled 'footer\_col' containing a header 'H3' and a single 'P' element.
- Configuration 3:** A container labeled 'footer\_col' containing a header 'H3' and a single 'P' element. An additional 'img' element is shown to the right, labeled 'Pill op'.

h3

The diagram illustrates a flex layout structure. At the top is a large rectangular area labeled 'img'. Below this is a container labeled 'Artikel\_grid\_1'. Inside 'Artikel\_grid\_1' is a sub-container labeled 'artikel\_flex'. The 'artikel\_flex' container holds three elements: 'h3' (a header), 'P' (a paragraph), and 'bottom\_h3' (a footer). The 'h3' and 'P' elements are stacked vertically in a single column, while the 'bottom\_h3' element is positioned to the right of the 'P' element, suggesting a flex-wrap or a different flex-direction for the 'artikel\_flex' container.

The diagram illustrates a grid layout structure. At the top is a large rectangular area labeled 'img'. Below this is a header section containing two elements: 'Artikel\_grid\_1' on the left and 'Artikel\_grid\_1\_1' on the right. The main content area is labeled 'artikel\_flex' and is divided into three sections: a top section with 'h3', a large middle section with 'P', and a bottom right section with 'bottom h3'.
